## Assignment Description: Combine 3 Texture

Using the images we shot outside and in the art studio combine a minimum of three images to create one final digital image. The final image should show evidence that you have changed 10 things from the original main image. These changes could include copying and pasting new imagery in, color adjustments, clone stamping things in or out of your image, working with levels or curves to adjust contrast or applying filters (use these sparingly).

## GRADING SCALE: Point Value

- + Plus indicates you did this well and counts for 3 points
- ✓ Check indicates that you did this, but were missing something and counts for 2 points
- Minus indicates that you did not do this to the level required and counts for 1 point
- 0 Zero indicates that the required element is missing and counts for 0 points

## Specifics:

- \_\_\_\_\_ Combined 3 images into one unified image, with convincing subject matter
- \_\_\_\_\_ Changed 10 things from the original images
