## Pewaukee High School Visual Art Department

Art Fundamentals is the pre-requisite for all other art classes except Art History. Art History is a stand alone class that any PHS student can choose to take. There is a 3-stranded approach to the Visual Art curriculum with a variety of courses being offered in these strands. Students can pick and choose between the strands. There are some prerequisites for the level 2 of courses offered, ie: Drawing 1 is the requirement for Drawing 2, Painting 1 for Painting 2 and Sculpture 1 for Sculpture 2. In 2D Design strand there are not level 2 of any course yet, because they are all newer course offerings that are still being established.
