<http://phsvisualartdept.weebly.com/sculpture.html>

## DESCRIPTION

This course is designed to enhance students three-dimensional design skills. Emphasis will be placed on the production of art. Students will be responsible for the use of proper terminology and the application of sculpting procedures. Students will be expected to exhibit advanced knowledge of the elements and principles of design introduced in Art Fundamentals. Students will be responsible for discussion, critique and the display of their artwork, as well supply upkeep and maintenance.

## PRIORITY STANDARDS

Students will:

1. Understand and employ the procedures in producing a quality work of art
2. Be able to define the elements and principles of design
3. Understand the concept of three-dimensionality and how it differs from two-dimensionality
4. Create sculptures using a variety of media
5. Practice proper care and storage of materials and equipment

## GRADING ORGANIZATION

- 15 % Sketchbook/Journal Development (including online posts)
- 70 % Daily work and project completion (technique, application of the elements and principles of design, timely completion of individual assignments)
- 15% Final Portfolio Presentation/Exam

Individual Assignments will be critiqued and graded at the completion of each unit of study. Students will complete their own written assessment of the work, which will then be used as a guide for grading. Work that is not completed by the grading deadline/critique will be graded lower due to the incomplete resolution of the project criteria. Deadlines for work will not be extended except under extreme circumstances. The Critique Process is viewed as an important aspect of the project development. Not participating in critique (written statements and oral discussion) will result in a lower project grade. A student cannot earn an "A" if they miss the critique or attend with incomplete work. Students will be assigned to morning resource until the work is completed to a satisfactory level. Failure to finish work after assigned resource time will result in a lower final grade. Exceptions to this may be made based on individual needs.

The development and presentation of a final portfolio will be required to pass the semester exam. This portfolio will consist of work students have created throughout the course. Students will be instructed how to choose work for their portfolio. Work that has been previously graded will be considered as part of the entire portfolio for one grade and will not be re-graded individually. Students have the opportunity to use information gained from the critiques to improve or change their work. Students may then choose to include their improved work in the final portfolio presentation at the end of the term. A written artist statement and oral presentation will be required to pass the exam.

## **SUPPLIES/ SKETCHBOOK/JOURNAL/ONLINE**

Students are expected to bring the following items to every class.

- ❑ A sketchbook 8.5 x 11 or 9 x 12 inches. Spiral or book bound.
- ❑ A pencil with eraser (# 2 is fine)
- ❑ A free subscription to the class website on School Fusion
- ❑ Membership to the class Social Network: <http://phsartroom.ning.com>
- ❑ <http://phsvisualartdept.weebly.com/sculpture.html>

The sketchbook (and online entries) will be graded on the individual assignment criteria... Not all sketchbook assessments will be graded. The sketchbook should include the following:

- ❑ Notes from class lectures
- ❑ Planning sketches and research for individual assignments & weekly sketchbook assignments
- ❑ Artist Statements and other written reflections both in sketchbook and online
- ❑ Drawings/written entries completed outside of class that pertain to artistic development (some of these will be posted online).

## **BEHAVIORAL EXPECTATIONS**

Students will be expected to abide by the rules outlined in the Pirate Planner. Students are expected to act with respect for themselves, others and the classroom materials. Disrespectful actions will not be tolerated. Students are expected to work on art during the class period. Students who choose to waste time will be asked to leave the classroom and will need to make up their work during resource or a detention. **Any art equipment and supplies, software, hardware or other technology-based equipment that is broken, stolen or lost by the student will have to be paid for and replaced by the student.**

## **CHEATING/ PLAGIARISM POLICY**

Projects are expected to be the student's own idea and made by their own hand during class time. Reference photos may be used, but it is preferred that these are the students' own original photos not found photos. If using found imagery, it must be altered significantly to be considered original and part of one's own work.

## **ABSENCES (Excused and Unexcused)**

It is the responsibility of the student to make up work and time missed due to absence. This will require the student to schedule time during resource or before or after school depending upon art room availability. It is preferred that projects and supplies do not leave the art room. Deadlines for work will not be extended except under extreme circumstances. Incomplete work cannot earn a grade higher than "D". Missing critique due dates will result in the lowering of project grades. A student can't earn an "A" if they miss the critique or attend with an incomplete work at the time of the due date.

## **DISTRICT GRADING SCALE**

94+	A	79-81	C+	64-66	D-
91-93	A-	76-78	C	63-0	F
88-90	B+	73-75	C-		
85-87	B	70-72	D+		
82-84	B-	67-69	D
