

Painting 1
Assignment #1: Still Life
Sketchbook Value Study

Use your acrylic paints, choose one color + black and white to complete the following value exercises. Practice blending, trying to get a smooth, even transition from one color tone to the next. The lines of the boxes should no longer show once you've painted this smooth white-tint-shade-black transition.

White pale color medium color darker color black

Using one color + black and white fill the circle, square and amorphic shape to match the right shape. Try to create a perfectly blended white to black transition.
